

## 30th Annual Juried Exhibit March 2 — 30, 2014

The Midland Artists Guild is excited and pleased to have Kim Kleinhardt as juror of our exhibit. Kim is a graduate of CMU and has been an art educator for 30 years. The Clare High School art room has been her home for most of her teaching career where she developed a student run professional gallery that is incorporated into her art curriculum. The 515 Gallery in downtown Clare provides an opportunity for her high school students to connect with professional artists and their community. The mission of the 515 Gallery is to inspire, create and educate not only ourselves, but our small town of Clare.
