My style is photo-realistic, my medium is acrylic on canvas. The subject of the art work is usually landscapes, trees, flowers or my grand children. Upon completing a painting class at the MCFTA, I began adding people and animals to my paintings.

I use photographs from camping trips, garden walks and family gatherings as my reference material.

After retiring from long career in interior decorating. I worked for local art supply store and enjoyed the beautiful art work brought in for framing. This stimulated my interest in painting and the new art mediums available. When the local Senior Center offered a painting class I decided it was time to test me ability. I hope you will enjoy my paintings as much as I have enjoyed painting them for you.

Sincerely
Alice
