

## Artist Statement

### **Carol Ann Nutter**

Midland, MI  
989-400-9661

My art pieces are inspired by nature in abstract and realistic form. I express my personal vision in pastel, watercolor, water media, mixed media, acrylic, graphite, and photography.

Sometimes I choose designs from nature and play with the colors that I see or I play with color first to see what happens and then find designs from nature to incorporate into the art piece.

My current focus is in exploring the acrylic medium on canvas and paper. These pieces have been started with acrylic painted on tissue paper and finished by collage, pouring, and direct painting.
