

Artist Statement

Don Rulf

Midland, MI

I am a retiree of The Dow Chemical Company, living in Midland. I create drawings in graphite, charcoal, watercolor, colored pencil and pastel.

I strive for elegance, simplicity and subtlety of detail. I choose subjects that resonate emotionally for me, often revealing some unexpected insight.

I hope that viewers reflect upon what might be hidden or left unsaid in a piece of art. I measure success by emotional impact and depth of thought provoked by the piece.
